

MEDENER, the Mediterranean Association of the National Agencies for Energy Conservation, in partnership and with the support of ADENE, the Portuguese Energy Agency, is organising the 5th MEDENER International Conference on Energy Transition “Addressing climate change and migration in the Mediterranean region through energy transition”.

Taking place in Lisbon at Forum Picoas on November 30, the 2017 edition of the MEDENER International Conference will gather in one dedicated informative and networking day representatives of national public administrations, policymakers, energy agencies and many other public and private stakeholders in the energy sector, from both shores of the Mediterranean.

Organised in the frame of ENEA Presidency of MEDENER, just a few days after the COP 23 in Bonn, this Conference intends to discuss how to address climate change and migration through energy transition, in particular by strengthening regional cooperation in the fields of renewable energy sources and energy efficiency, contributing to security of energy supply, climate change mitigation, sustainable and inclusive growth, while at the same time creating jobs and reducing migration flows.

Organising Committee: Miguel Sales Dias and Luís Silva, ADENE – Portuguese Energy Agency; Dario Chello and Roberta Boniotti, ENEA – Italian National Agency for New Technologies, Energy and Sustainable Economic Development; Nadia Chioukh, APRUE – National Agency for the Promotion and Rationalisation of Energy Use (Algeria).

08h30 - 09h00
Welcome of participants and Registration

09h00 - 09h30	Opening Keynote Speaker	Jorge Seguro Sanches // The Portuguese Secretary of State for Energy (tbc)
09h30 - 10h15	Overview of the challenges - Introductory political remarks	Dario Chello // MEDENER President Mário Guedes // Director-General of Energy and Geology of Portugal (tbc) Anne-Charlotte Bournoville // Head of Unit for International Relations and Enlargement at DG ENER of the European Commission Federico Testa // ENEA President Olgu Okumus // Senior Expert on Energy at the Secretariat of the Union for the Mediterranean (UfM)

Coffee break, including family photo

10h45 - 11h15 incl.Q&A	Keynote speech Human migration in the era of climate change	Professor Cristina Cattaneo // FEEM - Fondazione Eni Enrico Mattei (Italy)
---	---	---

SESSION 1 - Renewable energy for the success of the energy transition in the Mediterranean. The roles, added-value and complementarity of the different stakeholders.

11h15 - 12h45 incl.Q&A	Opening remarks	Ahmed Badr // RCREEE Executive Director
	The role of renewable energy in smoothing Energy Transition in SEMCs	Ashraf Kraidy // Planning Director, RCREEE
	Smart mobilization of solar potential: the Lisbon Solar Platform	Maria João Rodrigues // Technical Director, Lisboa E-Nova (Portugal)
	The complementarity of RE&EE in the Energy Transition Challenge	Dominique Campana // Director of International Affairs, ADEME (France)

Lunch on your own

SESSION 2 - Energy efficiency for the success of the energy transition in the Mediterranean. The roles, added-value and complementarity of the different stakeholders.

14h00 - 15h30 incl.Q&A	Opening remarks	Dario Chello // MEDENER President
	Buildings' energy efficiency planning towards urban energy transition	Markos Damasiotis // Director of Development Programmes Division, CRES (Greece)
	Deep energy renovation of existing buildings in Spain - the PAREER CRECE	Samuel Casado González // Project Manager, IDAE (Spain)
	Energy efficiency and sustainable urban mobility	Mohamed Salah Bouzeriba // General Director, APRUE (Algeria)
	ICT and sustainable urban mobility	Sara Fernandes // Special Advisor da United Nations University, UNU-EGOV (Portugal)

Coffee break

15h45 - 16h15	Conference conclusions	João Paulo Girbal // ADENE President
	Closing remarks	Dario Chello // MEDENER President

Programme under development, awaiting confirmations. The programme may change due to unforeseen events related to the speakers' agenda.
